REQUEST FOR CORRECTED FILING RECEIPT

Commissioner of Patents  
Box 1450  
Alexandria VA 22313-1450

Sir:

After careful review of the Filing Receipt mailed February 14, 2002, an error has been noted. The filing date is incorrectly listed as January 11, 2002. The correct filing date is March 20, 2001. A copy of the Filing Receipt is attached, with hand-written corrections.

This Filing Receipt was issued in response to a Petition for Review of Notice of Incomplete Non-Provisional Application filed on January 11, 2002, establishing that the allegedly missing drawings were filed concurrently with the application on March 20, 2001. Thus, the correct filing date for this application is March 20, 2001.

It is requested that this error be corrected so that the filing date is listed as March 20, 2001, and that Applicants be provided with a corrected Filing Receipt. If the Examiner would like to discuss this matter, the Applicants' attorney can be reached at (858) 509-4093.

Respectfully submitted,

Date:

June 18, 2003

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
